

## Early Reading Programs

Reading is the most critical learning skill. Research shows that early readers achieve more—in school and life. This summer is the perfect time to get your junior student started reading. Most JK and SK programs focus on play; our unique curriculum blends phonics and reading comprehension skills.

## Catch Up or Get Ahead Programs

With school out for the summer, there's plenty of time to really dig into trouble areas and get ahead. Our individually customized programs ensure each student gets exactly the right attention in exactly the right area. All grades. All ages. All subjects.

## Math Programs

Math skills drop the most in the summer. Declining test scores, comprehension issues, skill gaps, and the summer learning slide can add up to disastrous consequences. This summer, stop the summer brain drain and get ahead in math. All ages. All grades.

## French Programs

Every student takes French. Whether it's introductory classes, immersion, or French First Language, Oxford Learning's summer program will help your child improve his or her French skills. Turn "Je ne sais pas" into "OO-La-La" at Oxford Learning.

## 20-Hour Study Skills Programs

Most students are never shown how to study properly, which can cause stress. When test time rolls around, students put off studying because they don't know where or how to begin. With the right tips and techniques, studying doesn't have to be stressful.

## SAT, ACT & SSAT Prep Programs

Whether SAT, ACT, or SSAT, entrance exams require quality preparation. To get high scores and gain admission, students need the right skills and the confidence that comes from choosing the perfect program.

# Little Readers®

Ages 3 to 6

Studies show that 25% of children arrive for their first day of school lacking the skills they need to begin a lifetime of learning. Research confirms that preschoolers who learn to read early perform better throughout school.

Little Readers is an individualized early literacy program designed to build strong literacy, numeracy, and fine motor skills in students aged 3 to 6. Through individualized learning with a focus on phonics, in small groups of up to eight students, Little Readers prepares students for the academic structure and social routine of Kindergarten and Grade 1 classrooms.

Dates: July 2 to August 30, 2019

Days: Monday through Friday

# Oxford Learning Summer Camps

Our academic Summer Camps give students the opportunity to learn according to their academic and cognitive needs. Based on an initial assessment and school report cards, each student receives an individualized program created to match their level and pace while enjoying academic games and activities designed to strengthen target concepts.

In small classes of up to eight students per teacher, our Summer Camps incorporate effective study skill strategies while students:

- Practise phonics, spelling, and sight words
- Build reading fluency, vocabulary, and comprehension
- Improve grammar, sentence writing, and paragraph structure
- Learn math concepts, drills, word problems, patterning, and logic

### Dates:

|                          |                      |
|--------------------------|----------------------|
| July 22 - 26, 2019       | August 5 - 9, 2019   |
| July 29 - August 2, 2019 | August 12 - 16, 2019 |

**Days:** Monday through Friday

### Times:

|            |                    |
|------------|--------------------|
| Morning:   | 9:30 AM - 12:00 PM |
| Afternoon: | 1:00 PM - 3:30 PM  |
| Full Day:  | 9:30 AM - 3:30 PM  |

### Tuition Fees:

|           |                   |
|-----------|-------------------|
| Half Day: | \$350.00 per week |
| Full Day: | \$700.00 per week |

\*\* \$150.00 assessment and registration fee applies for new enrolments.

\*\*\* Tuition is pre-paid, non-refundable and per child.

\*\*\*\* Classes paid for as summer programs cannot be carried past August 30, 2019

**Enrol in one of our many programs and use this summer to catch up or get ahead!**
