

Oxford Learning Saskatoon Centre Newsletter

September 2025

Back to School Edition!

Centre News

Welcome back after a delightful summer if you've been away. We hope you enjoyed the warm days and spent some quality time outdoors. Thank you to the students who continued their programs through the summer. We hope it helped!

Fall schedules begin September 1. Classes begin at 4 pm and end by 8 pm Monday to Friday, 9 am-12 noon on Saturdays. Reminder: If you were away for the summer, your schedule will resume on September 1 unless you state otherwise.

The September invoices are always a bit of a challenge to do on our end, and we beg your patience if we get anything wrong. Remember that the first day of the month is a holiday, and if your student is scheduled for Mondays, this is billable and will generate a class to be rescheduled.

We start this season with news that we no longer have two of our wonderful instructors; Mir Shabab and Allison have both moved on to new positions, and we wish them well! Their smiles and enthusiasm will be missed, but we know our university students and graduates don't stay forever, and it now leaves room to welcome new faces (yet to be hired).

Date to remember

We are closed September 1 for Labour Day.

We will be hosting an **Open House** on Friday, September 26; 6-8 pm. Bring a friend!

Happy Birthday!

Jason – September 22

Rules (tune of "Welcome to Duloc" from Shrek)

Welcome to Oxford, where you can flip that frown.

Here we have some rules, let us lay them down.

We send invoices, please pay on time, give us notice if you're not fine.

Oxford is a really great place!

We will ease your school worries, please take off your shoes, don't bring pop in the centre, in lobby watch Oxford news.

Let us know if you're not happy; we welcome good Google reviews.

Oxford is...Oxford is...Oxford is a helpful place!

Seriously though, we will be sending out our Enrolment agreement to all families. This is the contract you signed when your student enrolled, and it is a good reminder of expectations. We ask you to click through and provide as much information as possible if you would like us to communicate with the school and return it at your earliest opportunity.

What's on the agenda?

Tracking homework and projects in an agenda is a learned skill. We request that all students **bring a printed agenda** to Oxford with them to every class. It teaches organization and helps us help them stay on track.

What to Read

We have many books in centre that are great for building reading skills, or just for pleasure; just ask!
