

Brain Boosting Summer Camps 2026

at Oxford Learning Cambridge!

Fun, educational summer camps for Grades 1 to 6.
Customized learning programs to fill in gaps, enrich,
& keep students' brains active this summer.

Week 1

Around the World - July 13 to 17

Welcome to Around the World Camp! Here, you'll explore a variety of cultures from around the globe and gain a deeper understanding of the world, all while having a ton of fun! You'll learn about different countries, customs, and languages, and create your own passport to document your journey. With exciting activities, Around the World Camp is the perfect place to discover the world around you!

Week 2

S.T.E.M. - July 27 to 31

This camp is loaded with FUN! Putting it all together with Science, Technology, Engineering, Art and Math! Each day, we will begin a new theme and explore how S.T.E.M. is a part of everything we do. Whether it is studying motion through a yoga pose, or using fractions for baking, students will have a mindful S.T.E.M. experience!

Week 3

Magical Academy - August 10 to 14

The doors to our Magical Academy are opening! Campers will be sorted into houses, craft their own custom wand with our Master Wandmaker, and attend enchanting classes in potion mixing, magical botany, spellwork, and even a little exploration of the non-magical world. Expect imagination, teamwork, creative problem-solving, and plenty of magical mischief – all wrapped in an unforgettable week of adventure.

Week 4

Animal & Bug Adventures - August 17 to 21

Kids of all ages will embark on an exciting journey into the wonders of nature, exploring the incredible world of insects and animals. Campers will learn about a variety of species, the habitats they call home, and the vital roles they play in our environment and the food chain. We can't wait to welcome you to this unforgettable summer adventure!
