

Grade 1-8 Full-Day Camps

Oxford Learning Academy's Full-Day Camps are the ideal summer activity for students in Grades 1-8 to strengthen their learning skills and prevent summer learning loss.

Two-Week Full-Day Camps:

Camp 1

Ultimate Sports & Academic Camp: July 6-10 & July 13-17

Get ready to move, learn, and compete! Students will build teamwork, sharpen their skills, and stay active through co-ed sports, skill-building activities, and exciting mini-tournaments. At the same time, they will keep their minds sharp and prepare for the year ahead with Oxford Learning's academic curriculum.

Camp 2

Robotics Adventures & Academic Camp: July 20-24 & July 27-31*

Programmed for fun, students will explore building and programming robots while developing problem-solving and coding skills. Activities may include LEGO® Education kits such as WeDo®, Mindstorms®, and SPIKE™, as well as Ozobot®, all while maintaining academic momentum through individualized Oxford Learning's curriculum.

*Robotics Show, Certificates, and Awards on July 31

Camp 3

Creative Art and Drama & Academic Camp: August 4-7 & August 10-14*

Ignite creativity as imagination comes to life! In the first week, students will explore visual arts through hands-on projects and creative expression. In the second week, they will step into the world of drama, building confidence through performance and storytelling. Throughout the program, students will strengthen their academic skills with Oxford Learning's individualized curriculum.

*Art & Drama Showcase, Certificates, and Awards on August 14

Camp 4

STEAM & Academic Camp: August 17-21 & August 24-28

Get ready for a hands-on, challenge-packed STEAM adventure! This summer, students will tackle exciting problem-solving activities that bring science, technology, engineering, art, and math to life. Through interactive experiments and creative challenges, they will strengthen critical thinking skills while maintaining academic progress with Oxford Learning's individualized curriculum.
